

*You are invited to join us for a School of Nursing Lecture
co-sponsored with ICTS:*

Combining improvement and implementation sciences for faster more effective change

John Øvretveit, PhD

Director of Research and Professor
Health Improvement Implementation and Evaluation

Dr. Øvretveit's work is based on the belief that organization and management can bring out the best and worst in people, and that the right organization design is critical for effective healthcare. A theme underlying his work is how practical research can contribute both to better care for patients and to a "healthy work organization."

Friday, January 5, 2018 at 10:00 - 11:00 a.m.

The presentation will be facilitated by:
Miriam Bender, PhD, RN, Assistant Professor
Sue & Bill Gross School of Nursing
University of California, Irvine

Location: Hewitt Hall Conference Room
