

Tuberculosis in the Time of Homelessness, Cigarette Smoking, and HIV

Findings from Epidemiological Research in Vulnerable Communities

**TUESDAY, DECEMBER 6, 2016
11:30AM AT BERK HALL COMPUTER LAB**

SANGHYUK SHIN, PHD
Assistant Professor
UCLA School of Public Health

Dr. Shin's current research focuses on the application of novel diagnostic technologies to investigate tuberculosis (TB) epidemiology in resource-poor communities. He is the Principal Investigator of two NIH-funded projects on TB epidemiology in Botswana and TB Elimination to extend prevention services to immigrant communities in Los Angeles.
