

UCI Sue & Bill Gross School of Nursing

Undergraduate Nursing Science Application Instructions

Applications can be submitted November 1st through November 30, 2019

Thank you for your interest in the UC Irvine School of Nursing. The program promises an enriching and rigorous experience to accepted students who prepare to obtain a baccalaureate degree in Nursing Science. Because the program involves specialized curriculum targeted for a specific number of students, admission is selective and requires the completion of the following application.

This application is for UCI Change of Major students **only**. If you are a freshman or transfer student, do NOT complete this paper application. For information regarding admission to UCI, please go to the [Admissions Home page](#). You will be directed to the Nursing Science application once completing your UCI application on-line. Students from other schools must complete a Nursing Science application, **and** a UC application to be considered for admission.

NOTE: We are no longer admitting students into the 2nd baccalaureate program. Please see our website for information on our MEPN – Master’s Entry Program in Nursing, which is designed for students with non-nursing bachelor’s degrees who want to obtain a Nursing degree and prepare to be licensed as an RN.

UCI Change of Major students: Complete the Nursing Science Application and return all documents to Nursing Science Student Affairs by November 30, 2019.

Please review the general guidelines below while you complete each step of the application. We look forward to reviewing your application, and appreciate your interest in the program.

Application Checklist:

- Fully complete section A using the most current contact information and cumulative GPA of all colleges attended. Science GPA should include all Chemistry and Biology courses.
- List ALL post-secondary institutions you have attended with dates and major.
- List all academic honors/recognition, leadership roles, volunteer work and work history even if you haven’t had experience in health care.
- Complete both essays in the sections provided on the application form.
- Complete the table on page 5. List all prerequisites taken, plan to take, or in progress courses. Make sure to include units, grades, and dates you plan to complete courses. Courses cannot be double counted.
- Please submit copies of unofficial transcripts from all institutions attended.
- Submit all documents together.
- Return completed application and transcripts in person to Nursing Science Student Affairs listed below.

All application materials received by Nursing Science Student Affairs become property of the School of Nursing and cannot be returned to the applicant.

Please return all application materials to:

**Nursing Science Student Affairs
Sue & Bill Gross School of Nursing
BS Admission Application
268 Berk Hall
Irvine, CA 92697-3959**

For questions regarding the admission process or the supplemental application, please contact the School of Nursing at (949) 824-1514 or by email to: nssao@uci.edu.

- COSMOS
- The PUENTE Project
- The MESA Program
- EAOP

I. PREREQUISITE REQUIREMENT

Below is a list of prerequisite courses that will need to be completed prior to starting the Nursing curriculum in fall quarter. For specific information on which courses should be completed at the time of application, please refer to: http://www.changeofmajor.uci.edu/CoM_HlthSci.html#ns
 Students must be able to provide an official transcript prior to fall quarter 2019 showing that they have met the prerequisite requirements. Students who fail to meet the prerequisite requirements could have their admission from the UCI School of Nursing withdrawn.

Please list the courses you have completed that fulfill the following prerequisites.

PLEASE NOTE: Courses cannot be double counted and must be a letter grade only

| Prerequisite Required UCI Course Listed Below | College/University where fulfilled | Course Title and Number | Quarter Units or Semester Units for course | Semester/Quarter & Year completed or when you plan to complete | Grade |
|---|------------------------------------|-------------------------|--|--|-------|
| General Chemistry 1A | | | | | |
| General Chemistry 1B | | | | | |
| General Chemistry 1C | | | | | |
| Organic Chemistry (Chem 51A) | | | | | |
| Genetics (Bio Sci 97) | | | | | |
| Biochemistry (Bio Sci 98) | | | | | |
| Microbiology (Bio Sci M122) * | | | | | |
| Microbiology Lab (Bio Sci M118L) * | | | | | |
| Human Physiology (Bio Sci E109) * | | | | | |
| Human Physiology Lab (Bio Sci E112L) * | | | | | |
| Human Anatomy w/ Lab (Bio Sci D170) * | | | | | |
| Basic Statistics (STAT 7/STAT 8) | | | | | |
| Intro to Psychology (Psych 7A/P9) | | | | | |
| Intro to Sociology (Soc 1) | | | | | |
| Philosophy (Phil 4 or 5) | | | | | |
| Public Health (PH 1) | | | | | |

*After applying, and if you are admitted to the Nursing Science major, you will be authorized to enroll in and complete Physiology in winter quarter 2020, and Microbiology & Human Anatomy w/ labs in spring 2020 at UCI. Physiology lab can be taken in summer 2020. All of the above prerequisites must be completed prior to entering the upper division Nursing Science courses in Fall 2020.
