

Prerequisite Required <i>Example courses offered at UC Irvine</i>	College or University Where Fulfilled	Course Department/ Number and Course Title	Number of Quarter Units or Semester Units	Semester/Quarter Term and Year Completed	Letter Grade
	<i>Example: UC Irvine</i>	<i>Example: CHEM 1A – General Chemistry</i>	<i>Example: 4 Quarter Units</i>	<i>Example: Fall 2020</i>	<i>Example: B-</i>
General OR Combined Chemistry <i>CHEM 1A, 1B, AND 1C</i>					
Microbiology Lecture <i>BIO SCI M122</i>					
Microbiology Lab <i>BIO SCI M118L</i>					
Human Physiology Lecture <i>BIO SCI E109</i>					
Human Physiology Lab <i>BIO SCI E112L</i>					
Human Anatomy Lecture <i>BIO SCI D170*</i>					
Human Anatomy Lab <i>BIO SCI D170*</i>					
Statistics <i>STATS 7 OR 8</i>					
Intro to Psych OR Lifespan Development Psych <i>PSYCH 7A OR PSCI 9</i>					
Intro to Sociology OR Cultural Anthropology <i>SOCIOL 1 or ANTHRO 2A</i>					

*At UC Irvine, BIO SCI D170 encompasses both the lecture and lab components of the Anatomy requirements.

Important Notes:

- If Microbiology, Physiology, and/or Anatomy course included both the lecture and lab in a single course, please fill out the "lecture" row with course information and write "see above" for the "lab" row. We do not require a lab for the Chemistry requirement.
- If a course is being taken in the Fall Term that you are applying, please write "IP" in the grade column.
- The California BRN requires that your undergraduate degree include at least 6 semester/9 quarter units in communication (must include group, verbal, and written principles). This requirement is typically satisfied by undergraduate writing courses, and occasionally AP or other test credit. However, you do not need to list these courses on this checklist.
