What do you love about UC Irvine?
UCI has helped me grow into a better person and the overall academic and social environment allowed me to forge lasting friendships and memories.

What is one piece of advice you have for nursing students?
Your peers are in the same boat as all of you so don't be afraid to work together and help each other out. We are all here rooting for your success here :)

What are your favorite study spots on-campus?
I love to study at the ALP. I can always find a quiet space for me to work in one of the classrooms. I also love to study at the Science Library to force me to stay focused.
