What do you love about UC Irvine?
I love UCI because it captures a good balance of academic rigor and a warm atmosphere. While coursework may be challenging at times, there's always someone willing to help you out and create a space where you can feel safe to just learn.

What is one piece of advice you have for nursing students?
Be curious! Whether it's in classes, research, or even with peers, everyone I've met within the School of Nursing is exceptionally kind and receptive when any kinds of questions are asked.

What are your favorite study spots on-campus?
Some of my favorite study spots on campus include the Science Library, Starbucks by the Hill, and any outdoor patios or rooftop seating areas I can find!
